HAVE ELECTIONSInterest Centers in New Jersey,
Massachusetts and Maryland.

NEW YORK MAYORALTY FIGHT

Democrats and Fusionists Will Ballot Tomorrow for Control of Gotham City Government—William Sulzer, Deposed Governor, Seeking Election to the State Assembly on the Progressive Ticket.

Washington, Nov. 3.—Elections will be held Tuesday in many states and cities throughout the country. Interest in the outcome centers largely in New Jersey and Massachusetts, where governors and other state officials are to be elected; in Maryland, where the voters are to choose a United States senator, state controller and clerk of the court of appeals, and in New York city, where a bitter mayoralty fight is to be decided.

Incidental interest is manifested in the campaign in New York city in the Sixth assembly district, wherein William Sulzer, deposed governor of the state, is seeking election to the state assembly on the Progressive ticket. This is the district that sent William Sulzer to the assembly in 1889, giving him the first public office of his career.

The district is largely populated with Jews and the fact that Sulzer, while a member of congress, bore the burden of the fight for legislation to secure for members of that race passport rights denied them by certain foreign countries, will result in his polling practically the entire Jewish vote, it is predicted.

Sulzer Seems Likely to Win.

The broadside of evidence introduced against Sulzer in the impeachment court that found him guilty is expected to have little bearing in the district fight and it is practically conceded that Sulzer will win by a large plurality.

Official Washington is looking forward to the results of the election with many evidences of interest. The president is most largely concerned in the outcome in his home state of New Jersey, where, through Secretary Bryan, he has made known his attitude regarding the situation.

With a governor, eight state senators and sixty assemblymen to be chosen in a three cornered contest the political battle in New Jersey is complex. The views of the political managers on the outcome of the election vary greatly. The state chairman of each of the three political parties battling in the state is claiming the victory for his candidate.

With Acting Governor James F. Fielder waging a fight for the Wilson policies, former State Senator Everett Colby carrying the Progressive banner and former Governor Edward C. Stokes leading a reunited and strongly recruited Republican army, to predict the result of the contest would be sheer guesswork.

Seven Gubernatorial Candidates.

Even more complex than the situation in New Jersey is that presented in Massachusetts, where the gubernatorial race is being run with seven entries. Eugene N. Foss, the present governor, is seeking re-election as an independent. Charles S. Bird, who was a candidate last year, is again the standard bearer of the Progressive party. The Republicans have nominated for governor Congressman A. P. Gardner, well remembered as one of the leaders of the insurgent movement against Speaker Cannon. The Democratic candidate is David I. Walsh, the present lieutenant governor.

The election of a United States senator to succeed the late Isidor Rayner is the big feature of the Maryland campaign. William P. Jackson, Republican, was appointed to the position by Governor Goldsborough pending the election of a successor by the legislature, but, with the adoption of the constitutional amendment providing for the popular election of United States senators, the governor decided to substitute the choice of the people for his own personal selection. The candidates for the senatorship are Blair Lee, Democrat; Thomas Parran, Republican, and George L. Wellington, Progressive.

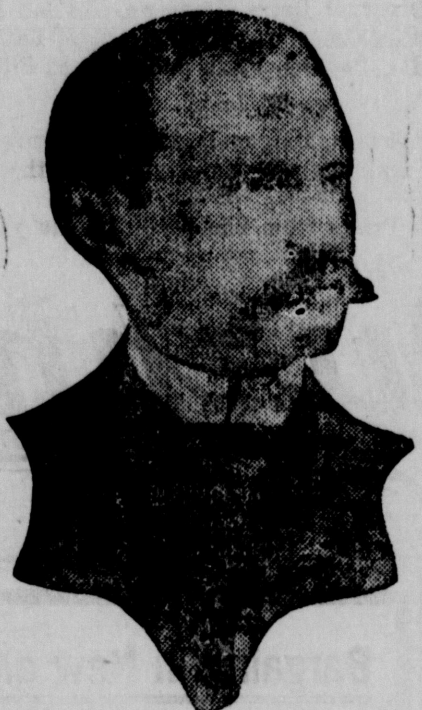

New York Mayoralty Fight.

In point of interest the mayoralty campaign in New York city far exceeds that of the state contests. The fight is between Edward E. McCall, the Democratic candidate, and John Purroy Mitchell, the choice of the Fusionists, or those opposed to Tammany rule. That the result will determine finally the status of Charles F. Murphy as boss of Tammany Hall is the general opinion expressed by the politicians.

Philadelphia, Pittsburg, Cincinnati and several other large cities of the country also have important elections on for Tuesday. In each of these municipal contests, as in New York, the reform question is a dominant issue.

Several congressional elections are scheduled for the day, to fill vacancies resulting from the death or resignation of the sitting members. In Massachusetts a congressman is to be elected in the Third district to succeed the late Representative Wilder, Republican. In the Third Maryland district, where there is a vacancy, the Republicans are making a tremendously

EDWARD C. STOKES.

Republican Candidate for
Governor of New Jersey.

and fight to overcome a normally Democratic plurality. In two New York city districts congressmen are to be elected to succeed Francis Burton Harrison, recently appointed governor general of the Philippines, and "Big Tim" Sullivan, deceased. The Democrats are practically sure of success in both these districts.

In Ohio, Oregon, New York and several other states the voters will be given opportunity to pass judgment on several proposed amendments to the state constitution. In Illinois the local option contests are attracting most public attention.

PAY FINAL TRIBUTE
TO CHARLES G. GATESMen in All Walks of Life At-
tend the Funeral.

New York, Nov. 3.—"Charley" G. Gates, mourned by many hundreds of intimate friends, has been laid to rest.

Not in its history has the Plaza hotel experienced such sadness as marked the passing from its roof of the mortal remains of the wealthy Minneapolis financier, followed by a cortege of close intimates and thousands of others who grieve for their lost friend, assembled to do homage to his memory.

The thoroughfares were lined with people, many of whom bared their bowed heads as the procession wended its way from the Plaza hotel to the Methodist Episcopal church on Madison avenue.

Among the mourners were men of millions, men prominent in financial, commercial, railroad life and the lowly laborer. All walks of life were there.

They came from all sections of the country, from Wyoming, Iowa, Texas, New York and particularly from Chicago, St. Louis, Washington, St. Paul and Minneapolis. Many other cities were represented.

The coffin was taken from the suite of Mr. Gates at the Plaza hotel. Thirty-five automobiles and carriages carried the financier's young widow, his mother and close friends.

There was not a dry eye in the large assembly when the services had concluded, and the pallbearers went forward to convey the casket to its final resting place in Woodlawn cemetery, where interment took place.

327 CHILDREN KILLED.

New York, Nov. 3.—Vehicles on New York's streets have killed 327 children since Jan. 1 last, automobiles being responsible for 102 of the deaths, according to figures made public by the National Highway Protective society. Thirty-three children met death under the wheels of automobiles in October.

THREE HUNTERS DROWN

Recovery of Boat Tells Tragedy Met
by White Man and Indians.

Devils Lake, N. D., Nov. 1.—An old shell of a rowboat, filled with water, recovered from Devils Lake by Superintendent C. M. Siebach of the Fort Totten Indian reservation, told the fate of three hunters who left the reservation for Bird Island.

That Frank Kelly, white, Victor Maka and Caleb Smith, Indians, are drowned is the conclusion reached by the Indian agency authorities, who conducted a search. Cries for help were heard by Claude Devaney, who was hunting on the opposite shore of the lake. It was on this clue that an investigation was started.

The triple tragedy brings the list of fatalities during the hunting season in North Dakota up to ten.

MUCH DEPENDS
UPON OUTCOMESeveral State Laws Attacked
in Supreme Court.

KENTUCKY POOLING STATUTE

Tobacco Growers Fined for Selling Their Product Outside of the Pool in Violation of Their Agreement Contend That the Law is in Violation of the Sherman Anti-Trust Enactment.

Washington, Nov. 3.—Further enforcement of a number of state laws depends upon the outcome of arguments to be made orally during the present week to the supreme court.

The case which has probably attracted the most attention is one from Kentucky attacking the validity of the farmers' pooling act of that state.

Patrick Collins and Thomas Malone, tobacco growers, have been fined for selling their tobacco outside of the pool.

Both now contend before the supreme court that the Kentucky statute of 1906, known as the farmers' pooling act, which made it lawful for any number of persons to combine crops to obtain better prices, is violative of the Sherman anti-trust law.

Late in the week it is expected that the Beauchamp case, testing the constitutionality of the Illinois child labor law of 1907, will be argued before the court.

Arthur Beauchamp, a sixteen-year-old lad, lost his hand in a press of the Sturges & Burn manufacturing plant and obtained a verdict of \$4,500 for his injuries under the state law regulating the employment of children.

The company claims that a boy sixteen years of age is not of such tender age as to justify the state in specially protecting him.

The state of Oklahoma will attempt to induce the court to reverse the decision of the Oklahoma federal courts in holding the Oklahoma corporation act of 1908 invalid.

DIES ON WAY TO HOSPITAL

Strikebreaker Shot During Rioting at
Indianapolis.

Indianapolis, Nov. 3.—The Indianapolis Traction and Terminal company, whose men went on strike Friday night, attempted to run its cars but gave up when notified by Superintendent of Police Hyland that the police would be unable to prevent bloodshed unless the cars were withdrawn.

Joseph Johnson, a striking motorman, was shot by a policeman, who fired into the crowd that surged around the first car to be sent out.

Two cars were taken from the barns, each filled with police, but the crowds packed around them so tightly they could not be moved. Soon after the shooting of Johnson they were ordered back to the barns.

In an attempt to rush the Louisiana street car barns, where the imported strikebreakers are quartered, a man named Fleischer, a strikebreaker from Philadelphia, was fatally shot in the neck and died on the way to the hospital.

BODIES OF COUPLE FOUND

Police Say James Bly Killed Wife and
Took His Own Life.

Atlantic City, N. J., Nov. 3.—The bodies of James Bly and his wife, formerly of Pittsburg, were found at Smith's Landing, near this city.

A bullet wound in the man's right temple and another in his wife's left temple, with a revolver with two empty shells clutched in Bly's right hand, the police say, tell a story of a murder and a suicide.

The coroner was of the opinion that the couple had been dead about two months.

PIKE'S PEAK NOT SINKING

Government Bulletin Explodes Story
From Denver.

Washington, Nov. 3.—The old story about London bridge falling down is not to have an American rival in the more recent tale about the sinking of Pike's Peak.

The landmark that was the goal of hundreds of caravans that crossed the plains in '49 hasn't sunk an inch, in the opinion of the experts of the United States geological survey.

The story was exploded in a survey bulletin just issued.

RESULT OF AN EXPLOSION

Seven People Believed to Be Dead at
Hartford, Conn.

Hartford, Conn., Nov. 3.—Seven people are believed to be dead or dying as the result of an explosion in Loveland's five-story brick warehouse in North Front street when the walls of the building toppled on the roofs of two adjoining wooden tenement houses. The cause of the explosion has not been determined. The building took fire.

The two-story house occupied by John Hughes was almost buried under the brick and masonry.

The roof of a house occupied by a Syrian family was also broken in and members of that family were rescued with difficulty by firemen.

ARCHBISHOP IRELAND.

Delivers What May Be
His Last Public Address.

SOUNDS NOTE OF WARNING

Archbishop Ireland Makes What May
Be Last Public Address.

Minneapolis, Nov. 3.—Archbishop Ireland delivered what may be his last public address at the civic opening of the Minneapolis Pro Cathedral.

In an appealing and eloquent manner he sounded a note of warning to present day America, saying that the future was forecasted darkly in the nation's increasing forgetfulness of religion.

His subject was "Why Churches and Churchgoing People." Twenty-five hundred persons of all denominations heard the address.

On the platform with Archbishop Ireland were Bishop J. C. Terrill of Helena, Mont., Bishop J. J. Lawler of St. Paul and fifty priests of the Twin Cities.

VACANT SEATS IN
HOUSE OF COMMONSGovernment on the Defensive in
Four Contests.

London, Nov. 3.—The United Kingdom is in the throes of a miniature bye-election. There are five vacant seats for the house of commons, four of them caused by the recent judicial appointments and consequent changes in the cabinet.

The government is quite naturally anxious, for in four of the contests it is on the defensive, as it has to contend with a lot of dissatisfaction both with what it has done and what it has failed to do.

The Unionists, too, are making determined fights in every constituency and are aided in some by the nomination of Labor and Social candidates, who always draw votes from the Liberals.

The greatest interest centers in the contest for Reading, the seat which Sir Rufus Isaacs gave up to take the lord high justiceship, and here the Unionists have the best chance of making a break in the government defenses.

Sir Rufus, although a resident of the city and an otherwise popular and strong candidate, always held his seat by only narrow majorities, which at the last election dwindled to 99.

George Peabody Gooch, the Liberal candidate, a former member for Bath, and a relative of the late George Peabody, the American millionaire who did so much for British charitable institutions, is quite a stranger to Reading, having entered the constituency there on the eve of the contest, and besides the Socialists are opposing him.

CREW RESCUED.

Boston, Nov. 3.—The crew of the schooner Gypsum Emperor, which was dismasted in a storm, has been picked up by the Hamburg-American line steamer Barcelona from Philadelphia for Hamburg, according to a wireless message received here.

STEAMER HITS AN ICEBERG

Manchester Commerce Makes Port
After a Collision.

Montreal, Nov. 3.—The Furness line freight steamer Manchester Commerce, which left here Friday for Manchester, Eng., struck an iceberg early Saturday morning in the Strait of Belle Isle and was damaged seriously.

The steamer, however, was not disabled and Captain Couch was able to shape her course for St. John's, N. F., the nearest port, where she will be repaired.

The Manchester Commerce is an iron steamer of 5,363 tons. She carries a crew of about forty officers and men. She has few, if any passengers on board.

To the Overmodest.
Give what you have. To some one it may be better than you dare to think—Longfellow.

GARRISON AID TO
ALL DEPARTMENTSTakes Charge of Problems in
Philippines and Panama.

INTERESTED IN ARMY PLANS

Pure Food Prosecutions Continue Even Without Dr. Wiley—Senator Clapp of Minnesota Always Ready to Help Underdog—"Politics Makes Strange Bedfellows" Adage Sulzer Proves.

By ARTHUR W. DUNN.

Washington, Nov. 3.—[Special.]—"Lindley M. Garrison was selected for secretary of war because President Wilson had great confidence in his legal ability and wanted him to take charge of the knotty problems arising over the government of the Philippines, Porto Rico and the Panama canal."

That statement was made by a Democratic senator recently when mention was made of Garrison's trip to Panama.

"But the president has found Garrison particularly useful," continued the senator, "in giving advice upon other questions that do not come under the war department. He has found him well versed in trust and corporation laws, with a good knowledge of the constitution, which has been found necessary in considering trust legislation. As for army matters, the president expects army officers to take charge of them."

Garrison Is Interested.

Just on that point Secretary Garrison differs with the senator. No secretary since Elihu Root has given as much attention to purely army questions as Mr. Garrison. He has shown particular interest in building up the efficiency of the service, preparing for emergencies, affording officers and enlisted men more opportunity for training and drills in tactical units, besides taking into consideration the concentration of troops for military purposes. He is going to be a war secretary as well as a lawyer in the cabinet to handle legal questions arising from our possessions in distant parts of the world.

Even Without Wiley.

The man who prepares copy for the newspapers in the agricultural department does not propose to allow the newspaper men, at least, to forget that prosecutions under the pure food law are going on notwithstanding the fact that Dr. Wiley is no longer at the head of the bureau of chemistry. Daily announcements are made of prosecutions and fines inflicted upon persons who are trying to fool the people with misbranded and therefore misrepresented foods.

There are not so many big cases involving such big interests as enlivened discussion of the food law under Wiley's administration, but the smaller cases show that the government is not relaxing its vigilance in regard to fraudulent food purveyors.

Defender of the Lowly.

Senator Clapp of Minnesota stands ever ready to espouse the cause of the humble and lowly or to address meetings of people, no matter where they may live or what may be their color. Not long ago he took up the case of newshyrs who were being prosecuted because they jumped on street cars to sell papers. Then he has several times entered defenses for negroes he believed to be wrongfully treated.

The Minnesota senator frequently makes speeches in parts of the city called "slums" and to communities composed of negroes. On these occasions he makes as great an effort as if before a select audience.

Expect Too Much.

"Nothing for you today, old man," said Jim Ham Lewis to a boyish newspaper correspondent representing a Chicago paper. As the young man turned away he continued: "They expect me to get an appointment every day. I do my best, but I do not succeed."

Well, no wonder. Every Democratic senator and representative also is doing his best and succeeding no better than the Illinois senator.

"Strange Bedfellows."

Bull moosers supporting Bill Sulzer reminds one of that strange adage, "Politics makes strange bedfellows." No one knows what Roosevelt would say about the matter, but away back yonder, when Roosevelt was the candidate for president, Sulzer worked day and night, long and vigorously, upon the charges in a New York newspaper office which were to "blow Roosevelt out of water." In the end the Democratic national committee would not place the seal of its approval upon the charges as a campaign document. And those charges were, after all, only a declaration that Roosevelt was a party to the revolution which took Panama from Colombia.

Will Sail the Seas.

Secretary Daniels made no promises that he would not go to sea in government ships when he entered the navy department. He is going to sail the seas just as often as he can when he thinks he can learn something about the navy which will guide him in his work. And he will use government vessels which were built for that purpose.

Shark's Teeth.

A shark's teeth are movable at will and become erect at the moment the animal is seizing its prey.

FILES BRIEF IN
HARVESTER CASE

MRS. WOODROW WILSON.

Accepts Honorary Position in
the National Civic Federation.

MRS. WILSON GETS OFFICE

Accepts Vice Chairmanship of National
Civic Federation.

Washington, Nov. 3.—Mrs. Woodrow Wilson has accepted the position of honorary vice chairman of the woman's department of the National Civic federation, whose chief work in the District of Columbia has been to improve the condition in which government employees work.

TWO KILLED IN COLLISION

Motorcycle and Auto Crash on
Country Road.

Lawrence, Kan., Nov. 3.—Two people were killed and eight others injured in a collision between a motor car and a motorcycle on a country road near here.

Mrs. A. J. Betz was instantly killed and her husband received injuries from which he died. In the car with Mr. and Mrs. Betz were seven others, all of whom were injured. The cyclist also was badly hurt.

WHITE SLAVERY IS BLAMED

Assigned as One of Causes of Militancy
by Mrs. Pankhurst.

Chicago, Nov. 3.—White slavery was given as one of the causes of militancy by Mrs. Emmeline Pankhurst, the British suffragist, in a lecture to an audience, largely composed of women, which filled a downtown theater.

She named numerous laws which, she said, discriminated against her sex, as other reasons for the violent tactics adopted in England in the fight for "votes for women."

Government Asks Dissolution of
Alleged Trust.

HEARING OPENS AT ST. PAUL

Drastic Document Urges That Within Sixty Days the International Harvester Company Be Broken Up and That Unless the Concern Submits Plan to Restore Competition a Receiver Be Appointed by the Court.

St. Paul, Nov. 3.—"If the International Harvester company were disposed to exercise the power its enormous wealth gives it, and it were left unrestrained to do so, it could drive every competitor it now has from the field."

This is one of the statements in the brief of the government upon which it based its application for disintegration of the so called harvester trust at the hearing in federal court before Circuit Judges W. H. Sanborn, W. C. Hook and W. I. Smith.

The government's brief is a most drastic instrument. It demands that within sixty days the International Harvester company be disintegrated and that unless the defendant company submits to the court a plan for restoring bona fide competition a receiver be appointed by the court to bring about such a result.

Attorney General J. C. McReynolds heads the array of legal talent which represents the government in the hearing. He is assisted by Edwin P. Grosvenor, one of the government's attorneys, and Joseph R. Darling, an assistant to the attorney general, and a special investigator for the department of justice.

Trust Has Five Attorneys.

Representing the harvester manufacturers are Philip S. Post, John P. Wilson, Edgar A. Bancroft and Victor A. Remy of Chicago, together with William D. McHugh of Omaha.

Referring to the organization of the International Harvester company the government's brief says:

"Under the undisputed facts the formation of the concern was not a normal and natural development of commerce in harvesting machines. It was the child of one not heretofore interested in the business—George W. Perkins, a banker and insurance man, who stepped in at an opportune time to bring the rival manufacturers together. He and others, by means of a combination in corporate form, destroyed competition and entrenched a monopoly."

The claim of the government that the International Harvester company was organized for the purpose of creating a monopoly is met by the defendants showing that the company was organized for the purpose of securing the capital necessary to enter the foreign field and to place the domestic business upon an all the year round basis.

Foreign Business Expands.

But the annual foreign business has expanded from \$10,400,000 in 1902 to \$50,800,000 in 1912 and has brought back to this country \$150,000,000, largely expended for American labor and material; that in the United States better machines have been furnished the farmer at substantially the old prices, notwithstanding large increases in the cost of labor and materials, and the company has been enabled to keep the thousands of manufacturing and selling employees constantly at work, instead of laying off men at certain seasons of the year as formerly.

Basing its claim on the testimony before the examiner of more than 1,000 farmers, dealers and competitors the company asserts that the farmer and the public have been benefited, not injured; that not a single competitor has been forced to the wall or his trade diminished; that during the last four years new and vigorous competitors, with an aggregate capital of over \$80,000,000, have entered the harvester business, not counting the Massey-Harris company of Canada, with resources of over \$30,000,000, which now is free to sell its harvesters and other agricultural implements in the American market because of the removal of the tariff on agricultural implements. These facts, the brief insists, demonstrate that absolute freedom of trade exists in agricultural implements.

That Tired Feeling.

Ennui is simply being tired of doing nothing and being too tired to do anything else.—Exchange.

SEVERAL STATES
HAVE ELECTIONSInterest Centers in New Jersey,
Massachusetts and Maryland.

NEW YORK MAYORALTY FIGHT

Democrats and Fusionists Will Ballot Tomorrow for Control of Gotham City Government—William Sulzer, Deposed Governor, Seeking Election to the State Assembly on the Progressive Ticket.

Washington, Nov. 3.—Elections will be held Tuesday in many states and cities throughout the country. Interest in the outcome centers largely in New Jersey and Massachusetts, where governors and other state officials are to be elected; in Maryland, where the voters are to choose a United States senator, state controller and clerk of the court of appeals, and in New York city, where a bitter mayoralty fight is to be decided.

Incidental interest is manifested in the campaign in New York city in the Sixth assembly district, wherein William Sulzer, deposed governor of the state, is seeking election to the state assembly on the Progressive ticket. This is the district that sent William Sulzer to the assembly in 1889, giving him the first public office of his career.

The district is largely populated with Jews and the fact that Sulzer, while a member of congress, bore the burden of the fight for legislation to secure for members of that race passport rights denied them by certain foreign countries, will result in his polling practically the entire Jewish vote, it is predicted.

Sulzer Seems Likely to Win.

The broadside of evidence introduced against Sulzer in the impeachment court that found him guilty is expected to have little bearing in the district fight and it is practically conceded that Sulzer will win by a large plurality.

Official Washington is looking forward to the results of the election with many evidences of interest. The president is most largely concerned in the outcome in his home state of New Jersey, where, through Secretary Bryan, he has made known his attitude regarding the situation.

With a governor, eight state senators and sixty assemblymen to be chosen in a three cornered contest the political battle in New Jersey is complex. The views of the political managers on the outcome of the election vary greatly. The state chairman of each of the three political parties battling in the state is claiming the victory for his candidate.

With Acting Governor James F. Fiedler waging a fight for the Wilson policies, former State Senator Everett Colby carrying the Progressive banner and former Governor Edward C. Stokes leading a reunited and strongly recruited Republican army, to predict the result of the contest would be sheer guesswork.

Seven Gubernatorial Candidates.

Even more complex than the situation in New Jersey is that presented in Massachusetts, where the gubernatorial race is being run with seven entries. Eugene N. Foss, the present governor, is seeking re-election as an independent. Charles S. Bird, who was a candidate last year, is again the standard bearer of the Progressive party. The Republicans have nominated for governor Congressman A. P. Gardner, well remembered as one of the leaders of the insurgent movement against Speaker Cannon. The Democratic candidate is David I. Walsh, the present lieutenant governor.

The election of a United States senator to succeed the late Isidor Rayner is the big feature of the Maryland campaign. William P. Jackson, Republican, was appointed to the position by Governor Goldsborough pending the election of a successor by the legislature, but, with the adoption of the constitutional amendment providing for the popular election of United States senators, the governor decided to substitute the choice of the people for his own personal selection. The candidates for the senatorship are Blair Lee, Democrat; Thomas Parran, Republican, and George L. Wellington, Progressive.

New York Mayoralty Fight.

In point of interest the mayoralty campaign in New York city far exceeds that of the state contests. The fight is between Edward E. McCall, the Democratic candidate, and John Purroy Mitchell, the choice of the Fusionists, or those opposed to Tammany rule. That the result will determine finally the status of Charles F. Murphy as boss of Tammany Hall is the general opinion expressed by the politicians.

Philadelphia, Pittsburgh, Cincinnati and several other large cities of the country also have important elections on for Tuesday. In each of these municipal contests, as in New York, the reform question is a dominant issue. Several congressional elections are scheduled for the day, to fill vacancies resulting from the death or resignation of the sitting members. In Massachusetts a congressman is to be elected in the Third district to succeed the late Representative Wilder, Republican. ard next to overcome a normally Democratic plurality. In two New York city districts congressmen are to be elected to succeed Francis Burton Harrison, recently appointed governor general of the Philippines, and "Big Tim" Sullivan, deceased. The Democrats are practically sure of success in both these districts. In Ohio, Oregon, New York and several other states the voters will be given opportunity to pass judgment on several proposed amendments to the state constitution. In Illinois the local option contests are attracting most public attention.

PAY FINAL TRIBUTE
TO CHARLES G. GATESMen in All Walks of Life At-
tend the Funeral.

New York, Nov. 3.—"Charley" G. Gates, mourned by many hundreds of intimate friends, has been laid to rest.

Not in its history has the Plaza hotel experienced such sadness as marked the passing from its roof of the mortal remains of the wealthy Minneapolis financier, followed by a cortege of close intimates and thousands of others who grieve for their lost friend, assembled to do homage to his memory.

The thoroughfares were lined with people, many of whom bowed their bowed heads as the procession wended its way from the Plaza hotel to the Methodist Episcopal church on Madison avenue.

Among the mourners were men of millions, men prominent in financial, commercial, railroad life and the lowly laborer. All walks of life were there.

They came from all sections of the country, from Wyoming, Iowa, Texas, New York and particularly from Chicago, St. Louis, Washington, St. Paul and Minneapolis. Many other cities were represented.

The coffin was taken from the suite of Mr. Gates at the Plaza hotel. Thirty-five automobiles and carriages carried the financier's young widow, his mother and close friends.

There was not a dry eye in the large assembly when the services had concluded, and the pallbearers went forward to convey the casket to its final resting place in Woodlawn cemetery, where interment took place.

327 CHILDREN KILLED.

New York, Nov. 3.—Vehicles on New York's streets have killed 327 children since Jan. 1 last, automobiles being responsible for 102 of the deaths, according to figures made public by the National Highway Protective society. Thirty-three children met death under the wheels of automobiles in October.

THREE HUNTERS DROWN

Recovery of Boat Tells Tragedy Met
by White Man and Indians.

Devils Lake, N. D., Nov. 1.—An old shell of a rowboat, filled with water, recovered from Devils Lake by Superintendent C. M. Siebach of the Fort Totten Indian reservation, told the fate of three hunters who left the reservation for Bird Island.

That Frank Kelly, white, Victor Maka and Caleb Smith, Indians, are drowned is the conclusion reached by the Indian agency authorities, who conducted a search. Cries for help were heard by Claude Devaney, who was hunting on the opposite shore of the lake. It was on this clue that an investigation was started.

The triple tragedy brings the list of fatalities during the hunting season in North Dakota up to ten.

MUCH DEPENDS
UPON OUTCOMESeveral State Laws Attacked
in Supreme Court.

KENTUCKY POOLING STATUTE

Tobacco Growers Fined for Selling Their Product Outside of the Pool in Violation of Their Agreement Contend That the Law is in Violation of the Sherman Anti-Trust Enactment.

Washington, Nov. 3.—Further enforcement of a number of state laws depends upon the outcome of arguments to be made orally during the present week to the supreme court.

The case which has probably attracted the most attention is one from Kentucky attacking the validity of the farmers' pooling act of that state.

Patrick Collins and Thomas Malone, tobacco growers, have been fined for selling their tobacco outside of the pool.

Both now contend before the supreme court that the Kentucky statute of 1906, known as the farmers' pooling act, which made it lawful for any number of persons to combine crops to obtain better prices, is violative of the Sherman anti-trust law.

Late in the week it is expected that the Beauchamp case, testing the constitutionality of the Illinois child labor law of 1907, will be argued before the court.

Arthur Beauchamp, a sixteen-year-old lad, lost his hand in a press of the Sturges & Burn manufacturing plant and obtained a verdict of \$4,500 for his injuries under the state law regulating the employment of children.

The company claims that a boy sixteen years of age is not of such tender age as to justify the state in specially protecting him.

The state of Oklahoma will attempt to induce the court to reverse the decision of the Oklahoma federal courts in holding the Oklahoma corporation act of 1908 invalid.

DIES ON WAY TO HOSPITAL

Strikebreaker Shot During Rioting at
Indianapolis.

Indianapolis, Nov. 3.—The Indianapolis Traction and Terminal company, whose men went on strike Friday night, attempted to run its cars but gave up when notified by Superintendent of Police Hyland that the police would be unable to prevent bloodshed unless the cars were withdrawn.

Joseph Johnson, a striking motor-man, was shot by a policeman, who fired into the crowd that surged around the first car to be sent out.

Two cars were taken from the barns, each filled with police, but the crowds packed around them so tightly they could not be moved. Soon after the shooting of Johnson they were ordered back to the barns.

In an attempt to rush the Louisiana street car barns, where the imported strikebreakers are quartered, a man named Fleischer, a strikebreaker from Philadelphia, was fatally shot in the neck and died on the way to the hospital.

BODIES OF COUPLE FOUND

Police Say James Bly Killed Wife and
Took His Own Life.

Atlantic City, N. J., Nov. 3.—The bodies of James Bly and his wife, formerly of Pittsburgh, were found at Smith's Landing, near this city.

A bullet wound in the man's right temple and another in his wife's left temple, with a revolver with two empty shells clutched in Bly's right hand, the police say, tell a story of a murder and a suicide.

The coroner was of the opinion that the couple had been dead about two months.

PIKE'S PEAK NOT SINKING

Government Bulletin Explodes Story
From Denver.

Washington, Nov. 3.—The old story about London bridge falling down is not to have an American rival in the more recent tale about the sinking of Pike's Peak.

The landmark that was the goal of hundreds of caravans that crossed the plains in '49 hasn't sunk an inch, in the opinion of the experts of the United States geological survey.

The story was exploded in a survey bulletin just issued.

RESULT OF AN EXPLOSION

Seven People Believed to Be Dead at
Hartford, Conn.

Hartford, Conn., Nov. 3.—Seven people are believed to be dead or dying as the result of an explosion in Loveland's five-story brick warehouse in North Front street when the walls of the building toppled on the roofs of two adjoining wooden tenement houses. The cause of the explosion has not been determined. The building took fire.

The two-story house occupied by John Hughes was almost buried under the brick and masonry.

The roof of a house occupied by a Syrian family was also broken in and members of that family were rescued with difficulty by firemen.

ARCHBISHOP IRELAND.

Delivers What May Be
His Last Public Address.

SOUNDS NOTE OF WARNING

Archbishop Ireland Makes What May
Be Last Public Address.

Minneapolis, Nov. 3.—Archbishop Ireland delivered what may be his last public address at the civic opening of the Minneapolis Pro-cathedral.

In an appealing and eloquent manner he sounded a note of warning to present day America, saying that the future was forecasted darkly in the nation's increasing forgetfulness of religion.

His subject was "Why Churches and Churches People." Twenty-five hundred persons of all denominations heard the address.

On the platform with Archbishop Ireland were Bishop J. C. Terrill of Helena, Mont., Bishop J. J. Lawler of St. Paul and fifty priests of the Twin Cities.

VACANT SEATS IN
HOUSE OF COMMONSGovernment on the Defensive in
Four Contests.

London, Nov. 3.—The United Kingdom is in the throes of a miniature bye-election. There are five vacant seats for the house of commons, four of them caused by the recent judicial appointments and consequent changes in the cabinet.

The government is quite naturally anxious, for in four of the contests it is on the defensive, as it has to contend with a lot of dissatisfaction both with what it has done and what it has failed to do.

The Unionists, too, are making determined fights in every constituency and are aided in some by the nomination of Labor and Social candidates, who always draw votes from the Liberals.

The greatest interest centers in the contest for Reading, the seat which Sir Rufus Isaacs gave up to take the lord high justiceship, and here the Unionists have the best chance of making a break in the government defenses.

Sir Rufus, although a resident of the city and an otherwise popular and strong candidate, always held his seat by only narrow majorities, which at the last election dwindled to 99.

George Peabody Gooch, the Liberal candidate, a former member for Bath, and a relative of the late George Peabody, the American millionaire who did so much for British charitable institutions, is quite a stranger to Reading, having entered the constituency there on the eve of the contest, and besides the Socialists are opposing him.

CREW RESCUED.

Boston, Nov. 3.—The crew of the schooner Gypsum Emperor, which was dismasted in a storm, has been picked up by the Hamburg-American line steamer Barcelona from Philadelphia for Hamburg, according to a wireless message received here.

STEAMER HITS AN ICEBERG

Manchester Commerce Makes Port
After a Collision.

Montreal, Nov. 3.—The Furness line freight steamer Manchester Commerce, which left here Friday for Manchester, Eng., struck an iceberg early Saturday morning in the Strait of Belle Isle and was damaged seriously. The steamer, however, was not disabled and Captain Couch was able to shape her course for St. John's, N. F., the nearest port, where she will be repaired.

The Manchester Commerce is an iron steamer of 5,363 tons. She carries a crew of about forty officers and men. She has few, if any passengers on board.

To the Overmodest.
Give what you have. To some one it may be better than you dare to think.—Longfellow.

GARRISON AID TO
ALL DEPARTMENTSTakes Charge of Problems in
Philippines and Panama.

INTERESTED IN ARMY PLANS

Pure Food Prosecutions Continue Even Without Dr. Wiley—Senator Clapp of Minnesota Always Ready to Help Underdog—"Politics Makes Strange Bedfellows" Adage Sulzer Proves.

By ARTHUR W. DUNN.

Washington, Nov. 3.—[Special.]—"Lindley M. Garrison was selected for secretary of war because President Wilson had great confidence in his legal ability and wanted him to take charge of the knotty problems arising over the government of the Philippines, Porto Rico and the Panama canal."

That statement was made by a Democratic senator recently when mention was made of Garrison's trip to Panama.

"But the president has found Garrison particularly useful," continued the senator, "in giving advice upon other questions that do not come under the war department. He has found him well versed in trust and corporation laws, with a good knowledge of the constitution, which has been found necessary in considering trust legislation. As for army matters, the president expects army officers to take charge of them."

Garrison Is Interested.

Just on that point Secretary Garrison differs with the senator. No secretary since Elihu Root has given as much attention to purely army questions as Mr. Garrison. He has shown particular interest in building up the efficiency of the service, preparing for emergencies, affording officers and enlisted men more opportunity for training and drills in tactical units, besides taking into consideration the concentration of troops for military purposes. He is going to be a war secretary as well as a lawyer in the cabinet to handle legal questions arising from our possessions in distant parts of the world.

Even Without Wiley.

The man who prepares copy for the newspapers in the agricultural department does not propose to allow the newspaper men, at least, to forget that prosecutions under the pure food law are going on notwithstanding the fact that Dr. Wiley is no longer at the head of the bureau of chemistry. Daily announcements are made of prosecutions and fines inflicted upon persons who are trying to fool the people with misbranded and therefore misrepresented foods.

There are not so many big cases involving such big interests as enlivened discussion of the food law under Wiley's administration, but the smaller cases show that the government is not relaxing its vigilance in regard to fraudulent food purveyors.

Defender of the Lowly.

Senator Clapp of Minnesota stands ever ready to espouse the cause of the humble and lowly or to address meetings of people, no matter where they may live or what may be their color. Not long ago he took up the case of newboys who were being prosecuted because they jumped on street cars to sell papers. Then he has several times entered defenses for negroes he believed to be wrongfully treated.

The Minnesota senator frequently makes speeches in parts of the city called "slums" and to communities composed of negroes. On these occasions he makes as great an effort as if before a select audience.

Expect Too Much.

"Nothing for you today, old man," said Jim Ham Lewis to a boyish newspaper correspondent representing a Chicago paper. As the young man turned away he continued: "They expect me to get an appointment every day. I do my best, but I do not succeed."

Well, no wonder. Every Democratic senator and representative also is doing his best and succeeding no better than the Illinois senator.

"Strange Bedfellows."

Bull moosers supporting Bill Sulzer reminds one of that strange adage, "Politics makes strange bedfellows." No one knows what Roosevelt would say about the matter, but away back yonder, when Roosevelt was the candidate for president, Sulzer worked day and night, long and vigorously, upon the charges in a New York newspaper office which were to "blow Roosevelt out of water." In the end the Democratic national committee would not place the seal of its approval upon the charges as a campaign document. And those charges were, after all, only a declaration that Roosevelt was a party to the revolution which took Panama from Colombia.

Will Sail the Seas.

Secretary Daniels made no promises that he would not go to sea in government ships when he entered the navy department. He is going to sail the seas just as often as he can when he thinks he can learn something about the navy which will guide him in his work. And he will use government vessels which were built for that purpose.

Shark's Teeth.

A shark's teeth are movable at will and become erect at the moment the animal is seizing its prey.

FILES BRIEF IN
HARVESTER CASE

MRS. WOODROW WILSON.

Accepts Honorary Position in
the National Civic Federation.

MRS. WILSON GETS OFFICE

Accepts Vice Chairmanship of National
Civic Federation.

Washington, Nov. 3.—Mrs. Woodrow Wilson has accepted the position of honorary vice chairman of the woman's department of the National Civic Federation, whose chief work in the District of Columbia has been to improve the condition in which government employees work.

TWO KILLED IN COLLISION

Motorcycle and Auto Crash on
Country Road.

Lawrence, Kan., Nov. 3.—Two people were killed and eight others injured in a collision between a motor car and a motorcycle on a country road near here.

Mrs. A. J. Betz was instantly killed and her husband received injuries from which he died. In the car with Mr. and Mrs. Betz were seven others, all of whom were injured. The cyclist also was badly hurt.

WHITE SLAVERY IS BLAMED

Assigned as One of Causes of Militancy
by Mrs. Pankhurst.

Chicago, Nov. 3.—White slavery was given as one of the causes of militancy by Mrs. Emmeline Pankhurst, the British suffragist, in a lecture to an audience, largely composed of women, which filled a downtown theater. She named numerous laws which, she said, discriminated against her sex, as other reasons for the violent tactics adopted in England in the fight for "votes for women."

Government Asks Dissolution of
Alleged Trust.

HEARING OPENS AT ST. PAUL

Drastic Document Urges That Within Sixty Days the International Harvester Company Be Broken Up and That Unless the Concern Submits Plan to Restore Competition a Receiver Be Appointed by the Court.

St. Paul, Nov. 3.—"If the International Harvester company were disposed to exercise the power its enormous wealth gives it, and it were left unrestrained to do so, it could drive every competitor it now has from the field."

This is one of the statements in the brief of the government upon which it based its application for disintegration of the so called harvester trust at the hearing in federal court before Circuit Judges W. H. Sanborn, W. C. Hook and W. I. Smith.

The government's brief is a most drastic instrument. It demands that within sixty days the International Harvester company be disintegrated and that unless the defendant company submits to the court a plan for restoring bona fide competition a receiver be appointed by the court to bring about such a result.

Attorney General J. C. McReynolds heads the array of legal talent which represents the government in the hearing. He is assisted by Edwin P. Grosvenor, one of the government's attorneys, and Joseph R. Darling, an assistant to the attorney general, and a special investigator for the department of justice.

Trust Has Five Attorneys.

Representing the harvester manufacturers are Philip S. Post, John P. Wilson, Edgar A. Bancroft and Victor A. Henry of Chicago, together with William D. McHugh of Omaha.

Referring to the organization of the International Harvester company the government's brief says: "Under the undisputed facts the formation of the concern was not a normal and natural development of commerce in harvesting machines. It was the child of one not heretofore interested in the business—George W. Perkins, a banker and insurance man, who stepped in at an opportune time to bring the rival manufacturers together. He and others, by means of a combination in corporate form, destroyed competition and entrenched a monopoly."

The claim of the government that the International Harvester company was organized for the purpose of creating a monopoly is met by the defendants showing that the company was organized for the purpose of securing the capital necessary to enter the foreign field and to place the domestic business upon an all the year round basis.

The brief points out that, as a re-

Foreign Business Expands.

sult, the annual foreign business has expanded from \$10,400,000 in 1902 to \$50,800,000 in 1912 and has brought back to this country \$159,000,000, largely expended for American labor and material; that in the United States better machines have been furnished the farmer at substantially the old prices, notwithstanding large increases in the cost of labor and materials, and the company has been enabled to keep the thousands of manufacturing and selling employees constantly at work, instead of laying off men in certain seasons of the year as formerly.

Basing its claim on the testimony before the examiner of more than 1,000 farmers, dealers and competitors the company asserts that the farmer and the public have been benefited, not injured; that not a single competitor has been forced to the wall or his trade diminished; that during the last four years new and vigorous competitors, with an aggregate capital of over \$80,000,000, have entered the harvester business, not counting the Massey-Harris company of Canada, with resources of over \$30,000,000, which now is free to sell its harvesters and other agricultural implements in the American market because of the removal of the tariff on agricultural implements. These facts, the brief insists, demonstrate that absolute freedom of trade exists in agricultural implements.

Gene Woods, formerly of Pine River and now of Staples, was in the city today. Mr. Woods looks well and prosperous and says this is his first visit for years in Brainerd.

Vaughn & Clausen are building for A. Angel a garage near the corner of Norwood and South Seventh streets. It is to be of cement blocks, a story in height and 25 by 50 feet in size.

Mrs. L. Bartrager, of Minneapolis, will speak at the Trades & Labor temple this evening at the meeting of the Sons of Norway. Lunch will be served. Everybody cordially invited.

APPLES, APPLES, APPLES. Just received a car load of fancy New York Baldwins. Turcotte Bros. 124-1f

There will be a rural school teachers institute held in Brainerd beginning November 10. Anyone having rooms they will be willing to rent to the teachers communicate with the county superintendent.

Mrs. William Schlange will leave Tuesday for a tour of the range. She has the distinction of being the only lady commercial traveler in Minnesota who handles cigars and she surely gets the cigar business for the William Schlange company.

Schmidt's bottle deer, famous for quality. Order a case. Telephone 164. John Coates Liquor Co.—Adv.

The Travel Class will meet this evening at the home of Prof. and Mrs. W. C. Cobb. The general subject to be discussed will be "Honduras." Mrs. G. W. Mosier will have a paper on "Flora and Fauna of Honduras." Miss Mary Scott will speak of "The Honduras" and Henry I. Cohen on "The Jungles in Honduras."

The regular monthly business meeting of the Women's Christian Temperance Union will be held in the Y. M. C. A. parlors Tuesday, November 4 at 3 o'clock in the afternoon. The state president's address which was delivered at the state convention will be read. A large attendance is desired as business of great importance is to be transacted.

Garbage cans, different sizes, D. M. Clark & Co. 75-1f

Seth Phillips, of Sylvan, was in town today. He told of an incident which agitated Sylvan people last week. A transient named Jones got off the train with a partner and in the woods near town the Jones man struck his young companion on the head with a club preparatory to robbing him. He knocked the fellow cold and thinking he had killed him, left him in the woods and fled. He was captured and victim and aggressor were taken to Walker.

For Fire, Tornado, Life and Accident Insurance, see J. H. Krekelberg, room 15, First National Bank Building.—Adv. 115-1f

George A. Malone of Bemidji, Rev. Walter J. Smith of Brainerd and Rev. L. S. State of Owatonna, who are in Duluth for the annual conference of the missionaries and district superintendents of Minnesota, North Dakota and Montana, had charge of the vesper service at the Young Women's Christian association at four o'clock Sunday afternoon. At the social hour which followed Miss Mina Stringer, Miss Grace Stevenson, Miss Mabel Train, Miss Helen Mee, Miss Jessie McGhie, Miss Leila Walrod, Miss Carrie Mitchell, Miss Anna Rudolph, Miss Myrtle Gorham, Miss Ella Schandler and Miss Belle Smith were hostesses.—Duluth News Tribune.

Schmidt's Salvo, dark beer, always on tap. Coates Liquor Co.—Adv. 132-1f

Claude Atkinson, editor of the Mesabo Ore, went to Minneapolis today and will go to Heron Lake Tuesday to attend his son's wedding. Young Marc Atkinson, editor of the Crosby Crucible, is to be married to Miss Roxaline St. John, the ceremony taking place at the home of the bride's mother, Mrs. Wiley P. St. John, only immediate relatives attending the wedding is the culmination of a pretty little romance that began several

years ago when Mr. Atkinson and Miss St. John were members of a party on a European tour. Mr. Atkinson's fiancée, says the Duluth News-Tribune, is an artist of unusual ability. She passed several months last winter in New York taking special work in color.

CELEBRATE ANNIVERSARY

Thirtieth Wedding Anniversary of Mr. and Mrs. J. F. McGinnis Celebrated at Spokane

The Spokane Chronicle, of Spokane, Wash., has this reference to the wedding anniversary celebration of former Brainerd residents, old friends of Mr. and Mrs. J. F. McGinnis joining in sending their felicitations. The article reads:

In honor of their 30th wedding anniversary, Mr. and Mrs. J. F. McGinnis entertained at dinner Thursday evening at their residence, 402 Prospect street, Hilliard.

Covers were laid for: Mrs. V. M. Connolly of Fargo, N. D.; Miss Marion McCullough of Mount Vernon, Joseph L. McGinnis of Worden, Patrick McGinnis, Mr. and Mrs. Fred Forkey and daughter, Doris Forkey; Mr. and Mrs. J. P. McGinnis, Miss Anna McGinnis, Thomas McGinnis and Mr. and Mrs. J. F. McGinnis.

Four generations of the family were seated at the table—Patrick McGinnis, aged 85 years; J. F. McGinnis, Mrs. Fred Forkey and little Doris Forkey. The evening was spent at cards.

Get rid of the torments of rheumatism That you can do by ridding yourself of the cause. Weak and inactive kidneys allow uric acid poisons to remain in the blood and rheumatic pains swollen and aching joints follow. Take Foley Kidney Pills to ease you of the pain and torment. They will positively and permanently build up the kidneys, restore their normal action and keep the uric acid crystals out of the blood and body. Try them. H. P. Dunn.—Adv. mwf

Sherman Kelly Co.
What is the reason the Sherman Kelly Stock company plays to packed houses? When you see their performances you do not ask that question.

In the first place they give a clean, snappy show, full of laughs and pretty situations. They carry a carload of scenery, something new for stock companies. And there is not a dull moment during the entire evening.

There is no need to tell you about Kelly. He still has the smile that won't wash off. His leading lady, Mabel Hawthorne, is a petite and vivacious and works in perfect harmony with Mr. Kelly, and the entire company dove tails into one smooth working machine.

The vaudeville is still up to the standard. They remain all week. Prices 10, 20 and 30 cents. Tonight, "The Girl of the U. S. A."

Adenoids are a Menace to Children
Adenoids result from a succession of colds in babies and young children. They spoil the mental and physical life of a child. The condition that causes them may easily be avoided by careful parents. Quickly and thoroughly cure all colds and throat irritations by the use of Foley's Honey and Tar Compound, and adenoids will not develop. H. P. Dunn.—Adv. mf

"Kipper" and Red Herring.
The kipper is a split herring cured in smoke. The late Mr. John Woodger of Newcastle-on-Tyne and Yarmouth was the fortunate discoverer of this method of treating the herring. The process of producing the red herring is analogous to that of the bloater, the difference being in degree. The "red" variety is more thoroughly salted and smoke dried. The one advantage of this method lies in the preservative quality thereby developed.—Westminster Gazette.

Waiting.
Jack—By the way, how is your suit with Miss Cashleigh progressing? Tom—Slowly. I'm playing a waiting game just now. Jack—A waiting game? Tom—Yes; I'm waiting for her to change her mind.

INDIGESTION ENDED, STOMACH FEELS FINE
Time "Pape's Diapiesin:" In five minutes all Sourness, Gas, Heartburn and Dyspepsia is gone

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapiesin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapiesin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapiesin. There will not be any distress—eat without fear. It's because Pape's Diapiesin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapiesin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.—Adv.

Exclusiveness of Style Dominates this Entire Display

Our Fall Dress Goods Display must be seen to be fully appreciated. The regular monthly business meeting of the Women's Christian Temperance Union will be held in the Y. M. C. A. parlors Tuesday, November 4 at 3 o'clock in the afternoon. The state president's address which was delivered at the state convention is desired as business of great importance is to be transacted.

Garbage cans, different sizes, D. M. Clark & Co. 75tf

Seth Phillips, of Sylvan, was in town today. He told of an incident which agitated Sylvan people last week. A transient named Jones got off the train with a partner and in the woods near town the Jones man struck his young companion on the head with a club preparatory to robbing him. He knocked the fellow cold and thinking he had killed him, left him in the woods and fled. He was captured and victim and aggressor were taken to Walker.

For Fire, Tornado, Life and Accident Insurance, see J. H. Krekelberg, room 15, First National Bank Building.—Advt. 115tf

George A. Malone of Bemidji, Rev. Walter J. Smith of Brainerd and Rev. L. S. Stats of Owatonna, who are in Duluth for the annual conference of the missionaries and district superintendents of Minnesota, North Dakota and Montana, had charge of the vesper service at the Young Women's Christian association at four o'clock Sunday afternoon. At the social hour which followed Miss Mina Stringer, Miss Grace Stevenson, Miss Mabel Train, Miss Helen Mee, Miss Jessie McGhie, Miss Leila Walrod, Miss Carrie Mitchell, Miss Anna Rudolph, Miss Myrtle Gorham, Miss Ella Schandler and Miss Belle Smith were hostesses.—Duluth News Tribune.

Schmidt's Salvator, dark beer, always on tap. Coates Liquor Co.—Advt. 124tf

Claude Atkinson, editor of the Mesabo Ore, went to Minneapolis today and will go to Heron Lake Tuesday to attend his son's wedding. Young Marc Atkinson, editor of the Crosby Crucible, is to be married to Miss Roxaline St. John, the ceremony taking place at the home of the bride's mother, Mrs. Wiley P. St. John, only immediate relatives attending. The wedding is the culmination of a pretty little romance that began several

years ago when Mr. Atkinson and Miss St. John were members of a party on a European tour. Mr. Atkinson's fiancée, says the Duluth News-Tribune, is an artist of unusual ability. She passed several months last winter in New York taking special works in color.

CELEBRATE ANNIVERSARY

Thirtieth Wedding Anniversary of Mr. and Mrs. J. F. McGinnis Celebrated at Spokane

The Spokane Chronicle, of Spokane, Wash., has this reference to the wedding anniversary celebration of former Brainerd residents, old friends of Mr. and Mrs. J. F. McGinnis joining in sending their felicitations. The article reads:

In honor of their 30th wedding anniversary, Mr. and Mrs. J. F. McGinnis entertained at dinner Thursday evening at their residence, 402 Prospect street, Hilliard.

Covers were laid for: Mrs. V. M. Connolly of Fargo, N. D.; Miss Marion McCullough of Mount Vernon, Joseph L. McGinnis of Worden, Patrick McGinnis, Mr. and Mrs. Fred Forkey and daughter, Doris Forkey; Mr. and Mrs. J. P. McGinnis, Miss Anna McGinnis, Thomas McGinnis and Mr. and Mrs. J. F. McGinnis.

Four generations of the family were seated at the table—Patrick McGinnis, aged 85 years; J. F. McGinnis, Mrs. Fred Forkey and little Doris Forkey. The evening was spent at cards.

Get rid of the torments of rheumatism

That you can do by ridding yourself of the cause. Weak and inactive kidneys allow uric acid poisons to remain in the blood and rheumatic pains swollen and aching joints follow. Take Foley Kidney Pills to ease you of the pain and torment. They will positively and permanently build up the kidneys, restore their normal action and keep the uric acid crystals out of the blood and body. Try them. H. P. Dunn.—Advt. mwf

Sherman Kelly Co.

What is the reason the Sherman Kelly Stock company plays to packed houses? When you see their performances you do not ask that question.

In the first place they give a clean, snappy show, full of laughs and pretty situations. They carry a carload of scenery, something new for stock companies. And there is not a dull moment during the entire evening.

There is no need to tell you about Kelly. He still has the smile that won't wash off. His leading lady, Mabel Hawthorne, is a petite and vivacious and works in perfect harmony with Mr. Kelly, and the entire company dove tails into one smooth working machine.

The vaudeville is still up to the standard. They remain all week. Prices 10, 20 and 30 cents. Tonight, "The Girl of the U. S. A."

Adenoids are a Menace to Children

Adenoids result from a succession of colds in babies and young children. They spoil the mental and physical life of a child. The condition that causes them may easily be avoided by careful parents. Quickly and thoroughly cure all colds and throat irritations by the use of Foley's Honey and Tar Compound, and adenoids will not develop. H. P. Dunn.—Advt. mf

"Kipper" and Red Herring.

The kipper is a split herring cured in smoke. The late Mr. John Woodger of Newcastle-on-Tyne and Yarmouth was the fortunate discoverer of this method of treating the herring. The process of producing the red herring is analogous to that of the bloater, the difference being in degree. The "red" variety is more thoroughly salted and smoke dried. The one advantage of this method lies in the preservative quality thereby developed.—Westminster Gazette.

Waiting.

Jack—By the way, how is your suit with Miss Cashleigh progressing? Tom—Slowly. I'm playing a waiting game just now. Jack—A waiting game? Tom—Yes; I'm waiting for her to change her mind.

INDIGESTION ENDED, STOMACH FEELS FINE

Time "Pape's Diapepsin:" In five minutes all Sourness, Gas, Heartburn and Dyspepsia is gone

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.—Advt.

NEARLY KILLED BY LIVE WIRE

Ernest Morrisette, Aged 10, Climbs Tree and Grasps Electric Light Wire Near Home

HIS FATHER TEARS HIM AWAY

Hands Burned by Contact—Lad Was Powerless to Release Himself From Wire

While playing in the tall trees near his home at 605 South Sixth street, Ernest Morrisette, aged 10, the son of Mr. and Mrs. O. Morrisette, grasped an electric light wire at a point where the branches had worn away the insulation and exposed the copper wire, carrying 2,300 volts.

His hands gripped the wire and instantly he shrieked in pain. His father ran out of the house, climbed the tree and grabbed the lad's heels, pulling him away from the death-dealing wires. For fully half a minute the boy had received the full force of the current and both hands and arms were rigid and the body was stiffening. By the time his father released him, the boy was almost unconscious and it was some time before he could speak.

Both hands are burned where the copper wire seared its way into the flesh, making ugly wounds which will take months to heal. Dr. Joseph Nicholson dressed the wounds.

There has been considerable tree climbing on South Sixth street in the past, but this accident should be a lesson to other children to stay out of trees through which electric wires pass.

DISTRICT COURT STARTS TUESDAY

The Grand Jury Meets Early in the Morning, Judge W. S. McClenahan on the Bench

PETIT JURY MEETS WEDNESDAY

Calendar has Printed 51 Civil Cases and the Criminal List Includes 10 Cases

District court holds its first session of the November term on Tuesday morning, November 4. The grand jury is summoned for that date.

Judge W. S. McClenahan, of Brainerd, will preside. George W. Moody is the court reporter.

On the civil calendar, as printed, are 51 cases and on the criminal list 10 cases.

GEORGE KEENE FUNERAL

Was Held Today, Business Houses of the City Closing as a Mark of Respect

As a mark of respect to the late George A. Keene, business houses of the city generally closed their doors during the hour of the funeral from 2:30 to 4:30 this afternoon.

The services, under Masonic auspices, were held in the Masonic hall. The solemn and eloquent ceremonies of the Masons were witnessed by a large concourse of people. Rev. G. P. Sheridan, pastor of the First Congregational church, preached a sermon in which he spoke of the good accomplished by the deceased and his work in the improvement and uplift of Brainerd.

The casket was buried by flowers given by sympathizing friends. The trio, composed of Former Senator S. F. Alderman, Mrs. George D. LaBar and Mrs. G. M. Elder, sang sweetly and the soft harmony of their voices moved many to tears.

In the large Masonic hall were the friends of him who had passed away and his quarter century residence in Brainerd had formed many lasting friendships. To Evergreen cemetery the remains were accompanied by the Knights Templar escort and there, earth to earth and ashes to ashes, the body was laid to rest.

BIBLE CLASS BANQUET

Miss Elizabeth Kilpatrick, of Corinth, Miss., Speaker of the Evening November 5

The officers of the Crow Wing County Sunday School Association have been planning the Adult Bible Class Banquet to be held Wednesday evening, November 5 for months and have searched long for a speaker of more than local reputation.

They were quite elated when they secured Miss Elizabeth Kilpatrick, of Corinth, Miss., who is a speaker much wanted at national Sunday school conventions.

MISS ELIZABETH KILPATRICK

In 1905 Miss Kilpatrick started with a class of nine men. At present she teaches a class of 500 men, which has a reputation for doing much practical work along church lines.

Miss Kilpatrick is most pleasing in her address, is a typical southern woman and commands a very careful hearing.

Every adult Sunday school worker is wanted at this banquet as well as adult members of the churches who are interested in seeing practical things done along all lines of church work.

The banquet will be held at the American Baptist church at 6:30 Wednesday next and the very popular price of 25 cents a plate will be charged.

BRAINERD HITS SPOTLIGHT AGAIN

Its Bush-Bender Position on Sport Map of the World is Further Augmented by

FAMOUS GUYON, OF CARLISLE

Football Player a Brainerd Man—And so is Fred Place, Says Minneapolis Journal

Your world renowned J. H. Ritchie, who pens the Dutch Uncle stuff on the Sunday sport page of the Minneapolis Journal, breaks out with this headline last Sabbath: "Brainerd in Again," and says apropos of the breaking in:

"Guyon, the Indian, who is playing such sensational football for Carlisle, is another native son of Minnesota, and while he hails from White Earth or thereabouts no one will offer any objections if Brainerd rises up, tags him and places him in a niche in the up-state hall of fame.

With Leslie Bush, Bender, Guyon and Fred Place all attributing their success in life to early training received in Brainerd, Brainerd has just cause to toss its hat in the air and squawk a few times in honor of its most famous sons."

No sooner said than done. Mr. Ritchie, for the gentlemen named have been tagged and appropriated and the proper squawk has been emitted in good space-filling type. And the squawks will continue as long as they carry out the Brainerd axiom: "Do your level best while you're on the job." Fred Place, by the way, used to work as compositor on the Brainerd Dispatch.

Notice to Water Consumers in Northeast Brainerd

The water service in Northeast Brainerd will be shut off from 7 o'clock P. M. Nov. 4th (Tuesday) until 6 o'clock A. M. Nov. 5th (Wednesday) for the purpose of installing valve.

WM. NELSON,
Sec. Water & Light Board.

Adv—t2

SHOOTS DAUGHTER IN THE ANKLE

William Bisson, of Crow Wing, Accidentally Discharges Shotgun Sunday Afternoon

DRIVES HURRIEDLY TO THE CITY

Medical Attendance Saves the Foot, the Bones of the Ankle Not Being Injured

In loading his shotgun preparatory to doing some rabbit hunting while on his way after the cows, William Bisson, a farmer of Crow Wing, accidentally shot his little daughter, Victoria, aged 10, in the ankle.

The shot mercifully spared the bones in the ankle, but tore the flesh badly. He hitched up and drove to town, a distance of eight miles, in three quarters of an hour and medical attendance saved the child.

Mr. Bisson rents the farm of Joseph Doucette near Crow Wing station. He is a brother of Mrs. O. Morrisette, whose son was nearly electrocuted Sunday afternoon in Brainerd and both little patients of the same age eyed each other with sympathy as they sat in the kitchen of the Morrisette home.

"LEAKS CUTOFF" NOW IN SERVICE

M. & I. Trains Now Enter and Leave Brainerd via West Brainerd, Using N. P. Bridge

NEW LINE CONSISTS OF 5.8 MILES

Improvement Eliminates Over 368 Degrees of Curvature and Reduces the Grade

Effective with trains Nos. 33 and 34 Sunday morning, November 2, the Minnesota and International railway company opened the so-called "Leaks Cutoff," whereby their trains enter and leave the city of Brainerd, via West Brainerd, using the Northern Pacific railway bridge across the Mississippi river and its tracks into the Brainerd station.

The new line constructed consists of 5.8 miles of track. Clearing on this line commenced April 21, 1913. Grading was started June 6 and steel laying July 27. The ballasting and surfacing was finished November 1 and the road turned over to the operating department November 2.

This improvement enables the Minnesota & International railway company to eliminate 368 degrees and 39 minutes of curvature and operate on a three-tenths grade as against a maximum of one per cent via the old route.

A GRAPHIC RECITAL

Rev. John Sornberger Tells of His Life as a Woodsman and His Mission Work

The life story of John Sornberger given yesterday at the Presbyterian church was as thrilling a recital as was ever heard in that church, for an hour and a half last evening he kept the audience spell bound by his graphic descriptions.

In the morning his theme was "Why I Became a Preacher," in this account he told of the things of his life while a woodsman up to the time of his conversion in a logging camp. As the prodigal son gradually drifted to the lowest job known to a Jew so he in his extremity took the lowest job known to a lumber-jack, that of swamping.

In the evening his subject was "The Parish Trail." This was an account of his work since taking up his mission to the camps. Tonight he will speak on the theme "Little Things." The service will begin at 8 o'clock.

Mr. Sornberger swings in sledge hammer style and hits with a force that makes the sparrows fly. He hits straight from the shoulder and hits hard but all will acknowledge that he hits fair.

NEW TELEPHONE DIRECTORY

The Dispatch Will Soon Issue From its Presses the New Directory of the Local Exchange

The Brainerd Dispatch will soon issue from its job presses the new telephone directory of the Northwestern Telephone Exchange company.

Tuesday, November 4, will be the last day to get in changes and new names for the printer.

Many people have contemplated having a telephone and what was formerly regarded as a luxury is now an absolute necessity. The telephone is as much a part of the daily home life as the letter carrier at the front door, the milkman and the grocer at the backdoor. It is true that once having had a telephone, no person can get along without it.

Did you ever want a doctor on the minute at two o'clock in the morning? What but a telephone can help you in such a dilemma. You can consider that a half year rent has paid for itself when you get such help the instant you telephone and your anxiety is relieved when you hear the cheery voice of the doctor on the phone.

There are always a number of people who order a phone just after the directory gets out and they grumble because they missed it by a day or two. It is to these people that this notice is given too. If you want a telephone in the next month or two, get busy now, order it in and the commercial manager will see that you get a number and get into the directory.

Half the advantage of having a phone is being in the directory. Then your friends know where to find you.

DEVELOPMENTS OF WEEK ON RANGE

Jones & Loughlin, One of Biggest Independent Steel Concerns, on the Range

CHECKDRILLING IN 10-46-29

Gopher Iron Co's. Activity—Steam Shovel May Work on the Barrows Stockpile

Of greatest interest on the Cuyuna range was the entry of Jones & Loughlin, one of the biggest independent steel concerns in the country, and their initial venture on the range is the probable taking over of the Northern Pacific railway lease on the Hill Lumber company property in section 10, township 46, range 29. The Jones & Loughlin people have two drills at work checkdrilling previous exploratory work.

Exciting much comment is the almost perfect hematite iron ore struck in section 1, township 46, range 29 to the north of Crosby on the Jamison & Peacock holdings on which five drills of Cole & McDonald are exploring. It is the finest ore ever seen on the Cuyuna range and for that matter on any range. It assays as high as 69.52.

The Gopher Iron Co., generally known as Frank Oberg's company, has acquired 800 acres in holdings on the Cuyuna range. Jamison & Peacock of Brainerd and Duluth, negotiated the deal in which lands of the value of over \$250,000 changed ownership and which included an interest in the Pennington pit mine and other valuable interests.

At the Adams mine at Oreland a steam shovel working under J. E. Thompson has leveled off ground for a stockpile and also leveled ground to a one per cent grade leading to the shaft where trucks will be built. The Adams will not ship this year. Its efforts will be concentrated on getting the mine in shape to get out a big stockpile this winter. Drifting is still in progress at the mine.

The steam shovel may be removed from the Adams mine to the Barrows mine, in which case the 12,000 ton Barrows stockpile would be tackled and speedily shipped. The Barrows mine at present is loading directly from the shaft. The new hauler is about completed.

The Brainerd-Cuyuna Mining Co. is sinking its shaft and making good progress as only hard pan is encountered. The shaft is 50 feet deep. The overburden is 100 feet of this hard pan. The two boilers are on the ground ready to be bricked up. Capt. Martin is confident the mine will enter the shipping lists next season.

The Cuyuna-Mille Lac mine is shipping six or more cars daily and Capt. Pascoe can use 20 more miners.

The Cuyuna-Duluth mine is stockpiling and shipping. The compressor is to be sent away to be overhauled and when put in satisfactory shape is to be set up and the shaft is to be sunk to the 300 foot level. At present the shaft is 238 feet deep. Extending the workings of the mine will enable the Cuyuna-Duluth to greatly increase its output in 1914.

The Duluth-Brainerd Iron Co. has its shaft down about 30 feet. Its shaft house timbers are on the ground and it is assembling its pumps and other equipment.

The Pennington pit mine is shipping from 30 to 60 cars a day and its total tonnage this season will be close to 100,000 tons.

The Cuyuna-Sultana company has put a drill on the Ervig property near Deerwood.

Ike Williams and Gust Hill, shift bosses formerly at the Cuyuna-Mille

What For Christmas?

That will be harder to answer the nearer we approach that day. It is much easier answered now than later and can be decided more leisurely.

Our enlarged Art Needlework section is full of timely suggestions. Many inexpensive articles can be made into beautiful gifts by a little leisure time and the gift will be more appreciated because of the personal attention you have given.

Mrs. C. W. Hoffman is at this counter every afternoon to give assistance to those who want authoritative suggestions. Let us show you.

"MICHAEL'S"

"MICHAEL'S"

Lacs and the Cuyuna-Duluth, are going to work at the Duluth-Brainerd mine.

The Cuyuna Iron & Manganese Ore Co. has two drills at work, the exploration work being done by the Helmer people. The overburden runs from 45 to 60 feet. Frank Dahlberg is on the range looking after the interests of the company. Of 36 holes previously sunk all were in ore. The Helmer Exploration Co. is now drilling its 29th and 30th holes and the reports are very good.

The Cuyuna Range Power Co. has about finished its pole line to Oreland and to the Adams mine and will supply the latter with electricity to run pumps.

The hydraulic plant and a steam shovel are operating at the Rowe mine. This first frost does not check the hydraulic work. All winter the Rowe mine will be engaged in getting things arranged for its big season next year when it is expected to ship from 800,000 to a million tons, enough to keep its furnaces in Pittsburgh going with ore exclusively obtained from the Cuyuna range.

The Longyear people have a drill in section 13, township 45, range 30, one in section 7, township 45, range 29 and one in section 26, township 46, range 30.

T. R. Foley, of Aitkin, is operating a drill near Hassman in section 4, township 47, range 26, Aitkin county.

The Kennedy mine at Cuyuna is shipping from its shaft about 1,000 tons daily. The Armour No. 2 is also shipping from its shaft. All these mines will continue shipping until the freezeup. Continued warm weather extending the season of navigation will add many thousands of tons to the range production.

The Cuyuna Iron Valley Mining Co. is drilling north of Rabbit lake and indications point to enough ore being found to establish a mine.

Three eight-hour shifts are being worked at the Iron Mountain Mining Co. mine and manganese ore of a high grade is being hoisted day and night. The Soo line is laying rails to the mine and it is expected to make some shipments before the season closes.

The Duluth Land & Timber Co. has completed the laying out of 30 more acres of land into town lots which will make an addition to the town of Manganese on the east side and the Soo railroad will then be running through the middle of the town.

The Northern Pacific railway will, in the near future, extend its line from the Cuyuna-Mille Lac mine to the Duluth-Brainerd mine and may pass through Manganese.

Rumors are heard to the effect that the Armour No. 1 may start stripping this winter.

The Thompson mine of the Inland Steel Co. is stripping, one shovel being engaged with day and night crews. Before stripping, the mine shipped about 45,000 tons this year. As indications now point, it seems certain that the Cuyuna range will about double its tonnage of 1913 in 1914.

Card of Thanks

We desire to express our heartfelt thanks to the friends and neighbors, the congregation, Y. P. S. and the pastor of the Norwegian Danish Lutheran church, the B. A. Y. Homestead No. 602 and the foundry for their sympathy and assistance and also the beautiful floral offerings during our recent sad bereavement in the death of our husband and father.

Mrs. Lars Twist
and Children.

LECTURE ON SOCIALISM

By Hon. Peter W. Collins, at the Gardner Hall Friday, Nov. 7th 1913 commencing at 8 o'clock P. M. sharp. Owing to limited seating accommodations no children under twelve years of age will be admitted. Admission Free.

Mr. Collins was a member of the Industrial Commission of the State of Illinois in 1908, and of his services on that Commission Governor Deneen says.

"In connection with the approval of the bill relative to the use of hazardous and dangerous machinery, I wish to congratulate you as a member of the Commission which prepared this excellent measure, and to thank you for the valuable services rendered to the state by you as a member of that Commission."

This law during the few years it has been in operation has been the means of saving thousands of lives by requiring the guarding of dangerous machinery.

The lecture will be non-partisan and will deal solely with social and economic conditions.

NEARLY KILLED BY LIVE WIRE

Ernest Morrisette, Aged 10, Climbs Tree and Grasps Electric Light Wire Near Home

HIS FATHER TEARS HIM AWAY

Hands Burned by Contact—Lad Was Powerless to Release Himself From Wire

While playing in the tall trees near his home at 605 South Sixth street, Ernest Morrisette, aged 10, the son of Mr. and Mrs. O. Morrisette, grasped an electric light wire at a point where the branches had worn away the insulation and exposed the copper wire, carrying 2,300 volts.

His hands gripped the wire and instantly he shrieked in pain. His father ran out of the house, climbed the tree and grabbed the lad's heels, pulling him away from the death-dealing wires. For fully half a minute the boy had received the full force of the current and both hands and arms were rigid and the body was stiffening. By the time his father released him, the boy was almost unconscious and it was some time before he could speak.

Both hands are burned where the copper wire seared its way into the flesh, making ugly wounds which will take months to heal. Dr. Joseph Nicholson dressed the wounds.

There has been considerable tree climbing on South Sixth street in the past, but this accident should be a lesson to other children to stay out of trees through which electric wires pass.

DISTRICT COURT STARTS TUESDAY

The Grand Jury Meets Early in the Morning, Judge W. S. McClenahan on the Bench

PETIT JURY MEETS WEDNESDAY

Calendar has Printed 51 Civil Cases and the Criminal List Includes 10 Cases

District court holds its first session of the November term on Tuesday morning, November 4. The grand jury is summoned for that date. Judge W. S. McClenahan, of Brainerd, will preside. George W. Moody is the court reporter.

On the civil calendar, as printed, are 51 cases and on the criminal list 10 cases.

GEORGE KEENE FUNERAL

Was Held Today, Business Houses of the City Closing as a Mark of Respect

As a mark of respect to the late George A. Keene, business houses of the city generally closed their doors during the hour of the funeral from 2:30 to 4:30 this afternoon.

The services, under Masonic auspices, were held in the Masonic hall. The solemn and eloquent ceremonies of the Masons were witnessed by a large concourse of people. Rev. G. P. Sheridan, pastor of the First Congregational church, preached a sermon in which he spoke of the good accomplished by the deceased and his work in the improvement and uplift of Brainerd.

The casket was buried by flowers given by sympathizing friends. The trio, composed of Former Senator S. F. Alderman, Mrs. George D. LaBar and Mrs. G. M. Elder, sang sweetly and the soft harmony of their voices moved many to tears.

In the large Masonic hall were the friends of him who had passed away and his quarter century residence in Brainerd had formed many lasting friendships. To Evergreen cemetery the remains were accompanied by the Knights Templar escort and there, earth to earth and ashes to ashes, the body was laid to rest.

BIBLE CLASS BANQUET

Miss Elizabeth Kilpatrick, of Corinth, Miss., Speaker of the Evening November 5

The officers of the Crow Wing County Sunday School Association have been planning the Adult Bible Class Banquet to be held Wednesday evening, November 5 for months and have searched long for a speaker of more than local reputation.

They were quite elated when they secured Miss Elizabeth Kilpatrick, of Corinth, Miss., who is a speaker much wanted at national Sunday school conventions.

MISS ELIZABETH KILPATRICK

In 1905 Miss Kilpatrick started with a class of nine men. At present she teaches a class of 500 men which has a reputation for doing much practical work along church lines.

Miss Kilpatrick is most pleasing in her address, is a typical southern woman and commands a very careful hearing.

Every adult Sunday school worker is wanted at this banquet as well as adult members of the churches who are interested in seeing practical things done along all lines of church work.

The banquet will be held at the American Baptist church at 6:30 Wednesday next and the very popular price of 25 cents a plate will be charged.

If you want a telephone in the next month or two, get busy now, order it in and the commercial manager will see that you get a number and get into the directory.

Half the advantage of having a phone is being in the directory. Then your friends know where to find you.

DEVELOPMENTS OF WEEK ON RANGE

Jones & Loughlin, One of Biggest Independent Steel Concerns, on the Range

CHECKDRILLING IN 10-46-29

Gopher Iron Co's. Activity—Steam Shovel May Work on the Barrows Stockpile

Of greatest interest on the Cuyuna iron range was the entry of Jones & Loughlin, one of the biggest independent steel concerns in the country, and their initial venture on the range is the probable taking over of the Northern Pacific railway lease on the Hill Lumber company property in section 10, township 46, range 29. The Jones & Loughlin people have two drills at work checkdrilling previous exploratory work.

Exciting comment is the almost perfect hematite iron ore struck in section 1, township 46, range 29 to the north of Crosby on the Jamison & Peacock holdings on which five drills of Cole & McDonald are exploring. It is the finest ore ever seen on the Cuyuna range and for that matter on any range. It assays as high as 69.52.

The Gopher Iron Co., generally known as Frank Oberg's company, has acquired 800 acres in holdings on the Cuyuna range. Jamison & Peacock of Brainerd and Duluth, negotiated the deal in which lands of the value of over \$250,000 changed ownership and which included an interest in the Pennington pit mine and other valuable interests.

At the Adams mine at Oreland a steam shovel working under J. E. Thompson has leveled off ground for a stockpile and also leveled ground to a one per cent grade leading to the shaft where trucks will be built. The Adams will not ship this year. Its efforts will be concentrated on getting the mine in shape to get out a big stockpile this winter. Drifting is still in progress at the mine.

The steam shovel may be removed from the Adams mine to the Barrows mine, in which case the 12,000 ton Barrows stockpile would be tackled and speedily shipped. The Barrows mine at present is loading directly from the shaft. The new launder is about completed.

The Brainerd-Cuyuna Mining Co. is sinking its shaft and making good progress as only hard pan is encountered. The shaft is 50 feet deep. The overburden is 100 feet of this hard pan. The two boilers are on the ground ready to be bricked up. Capt. Martin is confident the mine will enter the shipping lists next season.

The Cuyuna-Mille Lacs mine is shipping six or more cars daily and Capt. Pascoe can use 20 more miners.

The Cuyuna-Duluth mine is stockpiling and shipping. The compressor is to be sent away to be overhauled and when put in satisfactory shape is to be set up and the shaft is to be sunk to the 300 foot level. At present the shaft is 238 feet deep. Extending the workings of the mine will enable the Cuyuna-Duluth to greatly increase its output in 1914. The Duluth-Brainerd Iron Co. has its shaft down about 30 feet. Its shaft house timbers are on the ground and it is assembling its pumps and other equipment.

The Pennington pit mine is shipping from 30 to 60 cars a day and its total tonnage this season will be close to 100,000 tons.

The Cuyuna-Sultana company has put a drill on the Ervig property near Deerwood.

Ike Williams and Gust Hill, shift bosses formerly at the Cuyuna-Mille

What For Christmas?

That will be harder to answer the nearer we approach that day. It is much easier answered now than later and can be decided more leisurely.

Our enlarged Art Needlework section is full of timely suggestions. Many inexpensive articles can be made into beautiful gifts by a little leisure time and the gift will be more appreciated because of the personal attention you have given.

Mrs. C. W. Hoffman is at this counter every afternoon to give assistance to those who want authoritative suggestions. Let us show you.

"MICHAEL'S" "MICHAEL'S"

Lacs and the Cuyuna-Duluth, are going to work at the Duluth-Brainerd mine.

The Cuyuna Iron & Manganese Ore Co. has two drills at work, the exploration work being done by the Helmer people. The overburden runs from 45 to 60 feet. Frank Dahlberg is on the range looking after the interests of the company. Of 36 holes previously sunk all were in ore. The Helmer Exploration Co. is now drilling its 29th and 30th holes and the reports are very good.

The Cuyuna Range Power Co. has about finished its pole line to Oreland and to the Adams mine and will supply the latter with electricity to run pumps.

The hydraulic plant and a steam shovel are operating at the Rowe mine. This first frost does not check the hydraulic work. All winter the Rowe mine will be engaged in getting things arranged for its big season next year when it is expected to ship from 800,000 to a million tons, enough to keep its furnaces in Pittsburgh going with ore exclusively obtained from the Cuyuna range.

The Longyear people have a drill in section 13, township 45, range 30, one in section 7, township 45, range 29 and one in section 26, township 46, range 30.

T. R. Foley, of Aitkin, is operating a drill near Hassman in section 4, township 47, range 26, Aitkin county. The Kennedy mine at Cuyuna is shipping from its shaft about 1,000 tons daily. The Armour No. 2 is also shipping from its shaft. All these mines will continue shipping until the freezeup. Continued warm weather extending the season of navigation will add many thousands of tons to the range production.

The Cuyuna Iron Valley Mining Co. is drilling north of Rabbit lake and indications point to enough ore being found to establish a mine.

Three eight-hour shifts are being worked at the Iron Mountain Mining Co. mine and manganese ore of a high grade is being hoisted day and night. The Soo line is laying rails to the mine and it is expected to make some shipments before the season closes.

The Duluth Land & Timber Co. has completed the laying out of 30 more acres of land into town lots which will make an addition to the town of Manganese on the east side and the Soo railroad will then be running through the middle of the town.

The Northern Pacific railway will, in the near future, extend its line from the Cuyuna-Mille Lacs mine to the Duluth-Brainerd mine and may pass through Manganese.

Rumors are heard to the effect that the Armour No. 1 may start stripping this winter. The Thompson mine of the Inland Steel Co. is stripping, one shovel being engaged with day and night crews. Before stripping, the mine shipped about 45,000 tons this year. As indications now point, its seems certain that the Cuyuna range will about double its tonnage of 1913 in 1914.

Card of Thanks

We desire to express our heartfelt thanks to the friends and neighbors, the congregation, J. P. S. and the pastor of the Norwegian Lutheran church, the B. A. Y. Home-stead No. 602 and the foundry for their sympathy and assistance and also the beautiful floral offerings during our recent sad bereavement in the death of our husband and father.

H. W. LINNEMANN

LECTURE ON SOCIALISM

By Hon. Peter W. Collins, at the Gardner Hall Friday, Nov. 7th 1913 commencing at 8 o'clock P. M. sharp. Owing to limited seating accommodations no children under twelve years of age will be admitted. Admission Free.

Mr. Collins was a member of the Industrial Commission of the State of Illinois in 1908, and of his services on that Commission Governor Deneen says.

"In connection with the approval of the bill relative to the use of hazardous and dangerous machinery, I wish to congratulate you as a member of the Commission which prepared this excellent measure, and to thank you for the valuable services rendered to the state by you as a member of that Commission."

This law during the few years it has been in operation has been the means of saving thousands of lives by requiring the guarding of dangerous machinery.

The lecture will be non-partisan and will deal solely with social and economic conditions.

THE NEW SCHOOL AT CROSBY

The Trio and Stein & O'Rourke Bks.
Being Occupied by Tenants
—Other News

Crosby, Minn., Oct. 31.—Socialists are erecting a large hall in Crosby. The Finnish Socialist club will give a masquerade dance at Leina hall on Saturday evening, November 1 and the proceeds will go into the building fund.

The Trio and Stein & O'Rourke blocks are being occupied by tenants. Rev. Father Joseph Quillian was at Brainerd Saturday.

Hessian & Murphy and the new firm of Schall & Brown have quite a number of cases on the docket at the coming session of the district court to be held in Brainerd.

H. W. Linnemann came up from Brainerd Thursday and looked after his branch store here.

Hugo Almquist is attending to business matters in St. Paul.

Crosby's new school is an imposing structure and will do much to enhance the importance of the south side section of Crosby. It occupies a commanding site and is a handsome building.

J. H. Smith, national bank examiner, visited the First National bank on his periodical visit.

Drills on the Jamison & Peacock

lands to the north of Crosby have struck some of the finest ore ever seen on the Cuyuna iron range, being ore of the hematite variety and assaying over 68 per cent.

Joseph Haskell, the hardware man, is moving his stock into the Trio block.

OSSIPEE ITEMS

Mae Mills is working at George Russell's at Merrifield.

Zela Bargoyne was calling on Mrs. Sam Lougee and Mrs. Linn Lougee on Tuesday.

Lewis Mills has taken a contract to help erect a new house for Martin Dowling.

A club has been formed among the farmers of this vicinity for the benefit of the farm, farmers and produce.

A Sunshine club has been formed by Miss Ruth Anderson for the pupils of school Dist. 85 to interest the children in agricultural products, with Gladys Mills, president; Edna Young, secretary and treasurer, and Vernie Snell, librarian.

The dance given by Harry VanHorn in their new house Friday evening was largely attended and a good time was reported.

The farmers in this vicinity have completed threshing.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. (One bottle cures only 100% for constipation.)

He Has Two Signatures.

There is one New York business man who is reasonably proof against the forger, as he has two signatures, and the forger must first get hold of one of his bank checks to get any action. Seeing the signature on a letter or hotel register would do the forger no good. The bank would not recognize it. "I don't particularly fear the forger," the business man admitted, "but my two signatures make me feel safer just the same. I am surprised that everybody doesn't hit on the same plan. It's very easy after you get the knack of signing your name two separate and distinct ways."—New York Globe.

Try a Woodchuck!

"I tried to dine on a woodchuck once when I was a boy, but never have felt inclined to repeat the experiment," says John Burroughs in the Century. "If one were born in the woods and lived in the woods maybe he could relish a woodchuck. Talk about being autochthonous and savoring of the soil—try a woodchuck! The feeding habits of this animal are as cleanly as those of a sheep or a cow—clover, plantain, peas, beans, cucumbers, cabbages, apples—all sweet and succulent things go to the making of his fatty body; yet he spends so much of his time in pickle in the ground that his flesh is rank with the earth flavor."

Silenced.

Dad (severely)—And look here, Ethel, you mustn't encourage that young man to stay so late every night. It's disgraceful! What does your mother say about it? Ethel—She says men haven't altered a bit, dad.

No man with a family to support can afford to have kidney trouble, nor need he fear it with such a remedy at hand as Foley's Kidney Pills. An honest medicine, safe and reliable, costing but little but doing much good, Foley's Kidney Pills eliminate backache and rheumatism, tone up the system and restore normal action of kidneys and bladder. H. P. Dunn, —Adv't. mwf

The Fex in the Orient.

The fex or tarbush is limited by no considerations of nationality or faith. It is the almost universal head covering of the eastern and southern lands of the Mediterranean and has been widely distributed in the still active diffusion of Mohammedanism. This type of felt hat without brim is of the utmost antiquity and seems to have undergone no marked change save the tassel from the early monumental record of the Euphrates valley. The designation fex, comparatively modern in its application, derives from the oasis of that name, which was long considered the only source of dyestuffs which could give the peculiar shade of red most favored.—New York Sun.

Boredom of Perfection.

"Well, what was Frau Roth's afternoon like yesterday?"
"The tea was good; the cakes delicious; the tablecloths exquisite—in a word, it bored me to tears."—Fliegende Blätter.

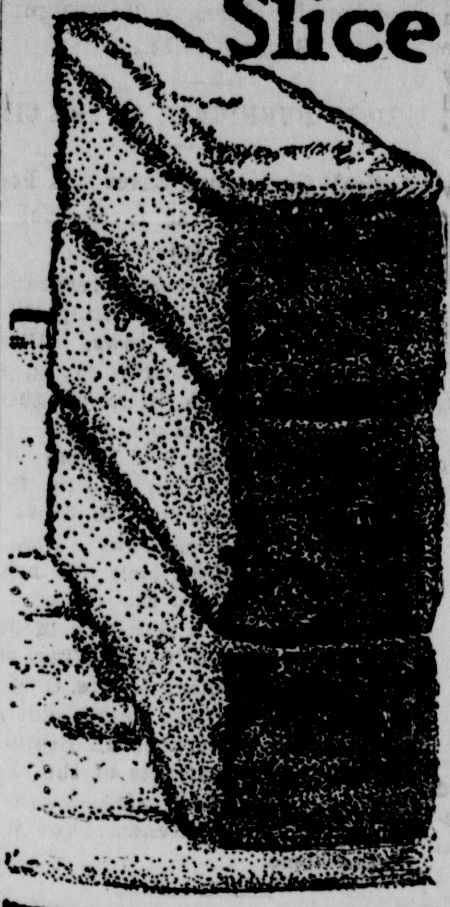

Facing a Serious Proposition

The man or woman who has kidney trouble is facing a serious proposition, where grave complications readily follow neglect. Foley's Kidney Pills are an honest curative medicine that once taken into your system mean restored kidney and bladder action, and a return of health and strength. H. P. Dunn, —Adv't. mwf

Deceived.

Countryman (at the National Gallery)—Why, then, the very same picture I saw here the day before yesterday! Attendant (dryly)—Quite likely. Countryman—Then that clerk at the hotel is an awful liar. He told me that the pictures was changed daily in all the leading picture houses.—London Opinion.

Good To the Last Slice

Get Yours Now, FREE--- Thousands Wild About Dr. Cunningham's New Plasters

We Want Every Suffering Man and Woman in Brainerd to Get a 25c or 50c Package FREE of the Most Wonderful Plasters the World Has Ever Seen

Any Pain, Any Inflammation in Any Part of the Body, Goes Almost Like Magic

The "big free distribution" is still going on! Thousands of sufferers, men and women, are getting the free 25c and 50c packages of Dr. Cunningham's Wonderful Plasters.

You to use, test and prove, absolutely free without any obligation whatever on your part. There's a free package waiting for you, if you are a sufferer. Get

For Kidney Diseases, Backache, Female Weakness, Bladder Trouble, ask for No. 1 Plaster. For Colds and Coughs, No. 2. For Chest Pains, Asthma, Bronchitis, No. 3. For Rheumatism, No. 4 or 5. For Constipation, Stomach or Bowel Trouble, No. 6. For Sprains, No. 7. For Bruises, No. 8. For Sore Throat, No. 9. All of the same material but made in different shapes.

derful Plasters and experiencing results they never before thought possible, in getting rid of pains and reducing inflammations in any part of the body. These plasters are creating a furore in Brainerd. They are making history! They will make history for you.

Think of it: they contain no belladonna and no red pepper or capsaicin with their maddening irritation, no opium, no morphine and no narcotics which merely deaden pain for a short while. You have never used any plaster, or any external application in the wide world so soothing, so easy to use, so effective. Rheumatic pains, back pains, body pains, leg pains, arm pains, muscle or joint inflammations, all and all vanish.

No matter where your pain or inflammation may be, there's a shape of Dr. Cunningham's Plasters to fit the spot. You'll be astounded how the pain and inflammation that come from weak back, bad kidneys, rheumatism, female weakness, constipation, lumbago, stomach trouble, swollen joints, sprains, wrenches, stiff or swollen muscles, swollen feet, calluses, bronchitis, asthma, coughs or colds on the chest, simply quit, disappear.

We are proving to thousands of sufferers in Brainerd the wonderful results of Dr. Cunningham's Plasters at our own expense. We buy you a package of them right out of our own pocket, for

FREE PACKAGE COUPON

Good for one package of Dr. Cunningham's Plasters, any shape, as illustrated here, and sold everywhere at 10c, 25c and 50c, according to size and shape. This coupon makes the package free to you. If you reside outside of Brainerd and wish a plaster mailed to you, be sure to send 6c in stamps direct to H. P. Dunn's drug store to help pay cost of postage, etc. Be sure to write in below the number of the plaster you want.

THE DISPATCH WANT ADS PAY

100% DIVIDENDS In Fuel Saved Each Winter!

How to get more for
your money.

That's the rub.

There are ways and ways to economize. Some do without; some buy inferior articles.

Others make a better use of the money they spend.

And that is the kind of economy we want to talk about.

Did you ever figure out how much your heat cost you?

Do you know that 95 per cent of the ordinary heating stoves utilize only **half** of the heat that is in the coal?

Do you realize what this **wasted half** costs you?

Utilize that lost half and you will make a **real saving** and get more heat in the bargain.

Every stove with numerous air leaking joints wastes more available heat than the stove originally cost. That waste is the gas portion of your coal and the heat that goes up the chimney in the ordinary stove. Save the gas—mix it properly with air—burn it and you develop an immense amount of otherwise wasted heat.

But it requires a stove of special construction. It must be a stove that is scientifically and mechanically perfect. It must be a stove that has no air leaks.

That stove is—

Cole's Original Hot Blast Heater

The stove that absolutely controls your fire.

The stove that burns the gases wasted by other stoves.

The stove that radiates a constant and steady heat from either soft coal, hard coal or lignite.

The stove in which the fire is never out.

The stove that saves its cost in fuel each winter.

The stove that lets no gas or smoke escape into the room.

The stove that gives you every atom of heat that is in your coal.

In fact, the only stove that is absolutely efficient—perfect in construction—perfect in operation.

We sell it under a broad guarantee to do all these things.

COME IN AND SEE IT. YOU WILL BE DELIGHTED.

D. M. Clark & Co.

See the name "Cole's" on the feed door of each stove. None genuine without it
